**TILES HAVE PLAYED A PROMINENT PART IN THE WORLD
THROUGHOUT HISTORY.
WE ARE PROUD TO MAKE PART OF IT.**

BESPOKE PROJECTS.

The made to order program offers clients an expansive range of possibilities, including special finishes, custom colours, designs and formats.

If you cannot find what you are looking for, we will be happy to create a unique product for your project.

HISTORIC RESTORATIONS.

We can accurately reproduce either original tiles or images of older designs.

Our team of experts can work with you to give you the best advice on your project.

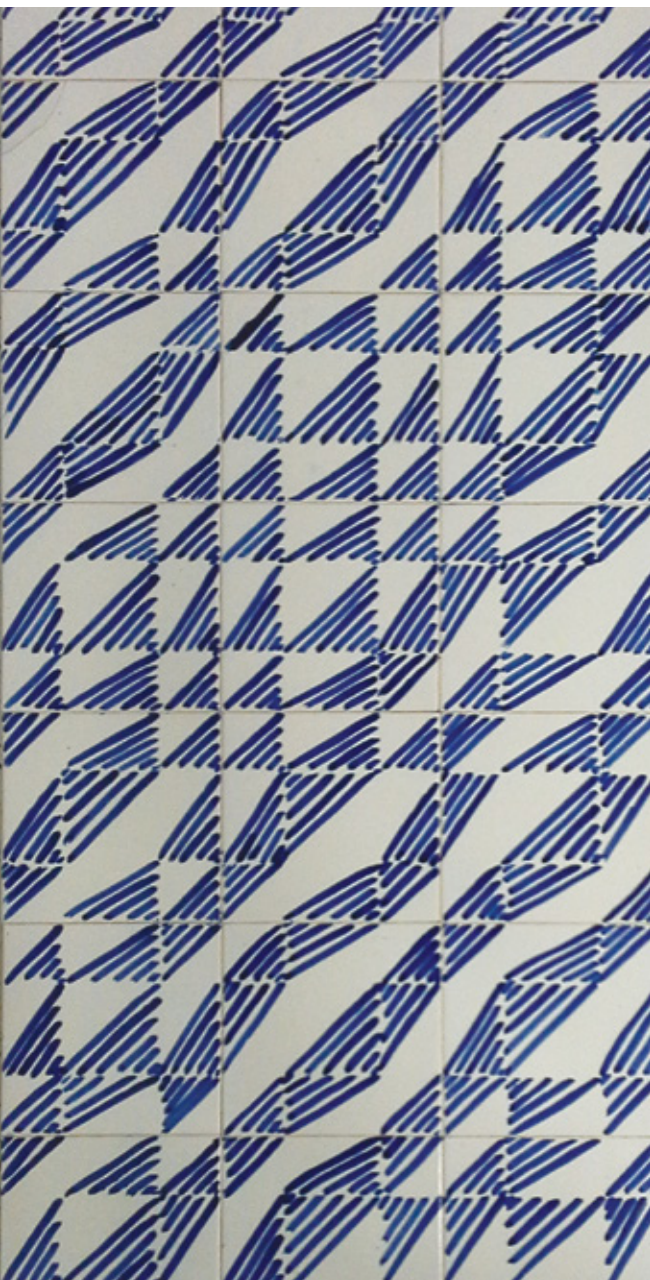

New Terracotta is a profoundly Portuguese handmade ceramic project. It is a modern line of Azulejos produced manually by Portuguese craftsmen.

The premise is simple: to merge the ancient technique with contemporary aesthetics, offering a new dimension of the tile.

We believe that character is far more than just a visual attribute, but it triggers a tangible feel. The more time and effort we spend on a piece, the more enjoyment people will derive from it.

**WE STRONGLY BELIEVE THAT PEOPLE
PREFER HANDMADE PRODUCTS.**
