Transformamos Ambientes

CERAMIC

O ambiente em que vivemos é a
essência do nosso negócio.

The environment which we live in is the
essence of our business.

L'environnement en que nous vivons c'est l'essence
de notre entreprise.

Die Umgebung, in der wir leben, ist das Wesen
unseres Geschäfts.

El ambiente en el que vivimos es la esencia de
nuestro negocio.

Extra Fino Vantagens

Advantages/Ventajas:

1. Assentamento sobreposto.
Overlaid laying of tiles.
Asentamiento superpuesto.
2. Pode ser assentado sobre diferentes bases.
Can be overlaid on different bases.
Puede ser asentado sobre diferentes bases.
3. Solução ideal para reformas rápidas, económicas, sem quebras e sem barulho.
The ideal solution for a quick renovation, economical, without any breaking and without any noise
Solución ideal para reforma rápida, económica, sin quiebre y sin ruido.
4. Muito fácil e prático de manusear, cortar e aplicar.
Very practical and easy to handle, cut and apply.
Muy fácil y práctico de manipular, cortar y aplicar.
5. Fino e super leve.
Thin and very light.
Fino y súper liviano.
6. Mais segurança, produtividade e conforto no assentamento.
Greater safety, productivity and comfort with the laying.
Más seguridad, productividad y confort en el asentamiento.
7. Não gera entulhos e resíduos.
Does not produce any rubble or waste.
No produce escombros y residuos.
8. É um produto inovador.
An innovative product.
Es un producto innovador.

A black and white artistic photograph. A hand and forearm are shown in silhouette, reaching upwards from the bottom left towards the top center. The background is a bright, textured surface, possibly a wall or a large sheet of paper, with a soft, grainy texture. The lighting is dramatic, highlighting the contours of the hand and arm against the bright background.

PEDESTAIS

Os Suportes de FixPlus podem ser aplicados em locais internos e externos, oferecendo soluções eficazes em diferentes espaços sociais, proporcionando uma fácil instalação, além de ser altamente resistente a quebras.

Os Pedestais podem ser usados para pisos elevados numa enorme variedade de alturas desde 32mm até 250mm em superfícies lisas ou desniveladas.

- Permitem a ocultação de tubos e cabos electricos
- Absorvem movimentos estruturais e evitam deformações
- Menos peso na construção
- Operações de nivelamento são rápidas
- Rápida instalação
- Rápida drenagem de águas pluviais
- Fácil e rápida circulação de ar
- Grande resistência a quebras
- Maior isolamento sonoro
- Resistência a adiferenças de temperatura de -40° até +80°

RBS60

Usados com a função de criar pisos elevados em ceramica, pedra e pisos compósitos.

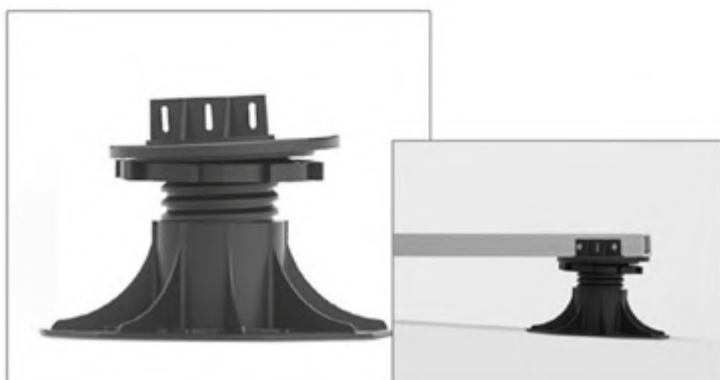

RBSW60

Para instalação de vigas em aluminio e madeira para instalação de deck composto ou de madeira maciça.

RSL60

Sistema com auto niveladores, permite a correcção de desniveis até 5%.

RSLW60

Para instalação de vigas em aluminio e madeira para instalação de deck composto. Sistema com auto niveladores, permite a correcção de desniveis até 5%.
